Toner modules
Pelikan toner modules are renowned for their reliability, cost-efficiency and yield. Pelikan printer accessories come with a 3-year guarantee on all toner modules. Toner modules are recycled in accordance with stringent regulations (DIN 33870).

The LGA has awarded numerous Pelikan toner modules the „LGA-schadstoffgeprueft“ certificate. All Pelikan toner modules are manufactured in an environmentally sound process, verified by „The Nordic Swan“ eco label. Suitable for the creation of signatures for notarial documents, tested by the Papiertechnische Stiftung Heidenau, together with Pelikan Business Paper.
